## UMCDF Operations

- Safety is number one at UMCDF: employees have worked 530 days since the last lost-workday accident (Oct. 22, 2004).
- Overpack rocket processing passed the 50-percent mark, April 5. To date, 59 of 116 overpacks have been processed.
- Three rocket fires occurred during the period: March 31, April 1 and April 5. All three were consistent with previous fires in that they occurred on the fifth of seven shears, were quickly extinguished and resulted in no injuries or release of agent to the atmosphere.

UMCDF Site Project Manager Don Barclay received the Department of the Army Decoration for Exceptional Civilian Service Award during a ceremony at the Pentagon, March 29. The award is the Army's highest for a civilian, equivalent to the Distinguished Service Medal for military service. Barclay, in his 25th year of civilian service to the U.S. Army, has been at Umatilla since April 2001.

**Leading the  
Way to a Safer  
Future**

The Umatilla Chemical Agent Disposal Facility is safely destroying the stockpile of weapons stored at the Umatilla Chemical Depot while ensuring maximum protection for our workers, our community and our environment.
